

has a **low cost** alternative
to Viagra and Cialis

Sildenafil, the active ingredient in Viagra, is now available in a generic 20mg tablet, and it is much cheaper.

Five 20mg tablets of Sildenafil
is equivalent to 100mg of Viagra

50 Sildenafil 20mg (ten 100mg doses) \$80
10 Viagra 100mg (ten 100mg doses) \$300

We CANNOT substitute a prescription (or refill) written for Viagra without a phone call to the prescriber to get an authorization for the following:

RX Sildenafil 20mg #50
Take 2-5 tablets as needed for sexual activity
